PRESENTS.....

"The Life Strategy One-on-One Program"

- ❖ This "action plan-oriented" life strategy program is not for everyone....We first have you complete a self-reflective questionnaire to evaluate if you are in the thought space and emotional place needed for your best chance of success. If selected, you will be a part of a program that can really help move your life forward! ☺
- ❖ As a life strategist, not only will I guide you through questioning for self-discovery, but together we will create the structure, framework and action plan that will help you achieve your goals. You'll be accountable for completing certain tasks that we both agree on before each strategy session that are aligned with your outcomes.
- ❖ There is also a spiritual foundation that is threaded throughout strategy sessions to better incorporate your mind, body and spirit in manifesting and moving your life forward.☺

Sounds like this is for you??? ☺

Great! Then the next step is for you to call me at (516)308-7783 or email me at Donna@MovingForwardSeminars.com to grab your free questionnaire!
